

Got weeds?

Did you know you can get financial help to combat invasive weeds on your property? Money is available through the Invasive Plant Control Program for help with herbicide costs for all prohibited weeds and the following noxious weeds:

Leafy Spurge

Yellow Toadflax

Field Bindweed

Oxeye Daisy

Hoary Cress

Absinthe

Russian Knapweed

Common Tansy

Common Burdock

Bladder Campion

Black Henbane

Wild Parsnip

Many of these weeds might look pretty and may even be in your flower bed. Do your part and prevent their spread before they do ecological and financial damage. For more information of this program and how you can get help please contact your RM.

This program is administered by SARM and applications for funding are submitted through your RM.

Hoary Cress

Russian Knapweed

Wild Parsnip

Common Tansy

Leafy Spurge

Ox-Eye Daisy

**Wanted
Dead**

They are not just pretty flowers.

Yellow Toadflax

Absinth (Wormwood)

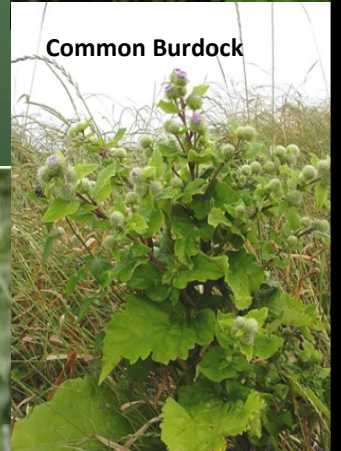

Field Bindweed
