Watershed
Wonders

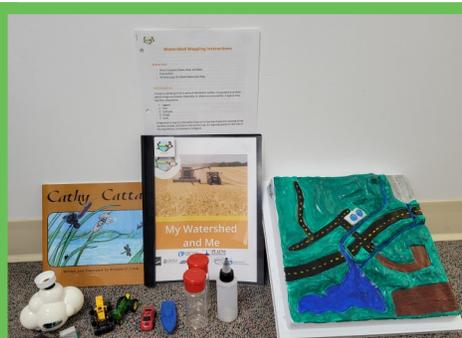

Watershed Wonders is a series of three loanable educational kits, designed to teach children about everything watershed related. These kits were developed for students between the ages 6-13+. However, any age can use and enjoy these wonderful activities!

Beaver Trails and Cattails

“Beaver Trails and Cattails” is designed to teach children about various animals in their watershed and native and invasive plants. There are five activities. They include:

- Animal Tracking,
- Invasive Sheriffs,
- The Race Board Game,
- Many More!

My Watershed and Me

“My Watershed and Me” is designed to teach children about their watershed, the importance of watershed health, and the connection and impact we have on our landscape. There are six activities. They include:

- Watershed Model,
- Cathy Cattail,
- Many More!

Getting Our Feet Wet

“Getting Our Feet Wet” is designed to teach children about wetlands, the importance of riparian areas, and a special wetland critter the beaver. There are five activities. They include:

- Buffer It,
- Eager Beaver,
- Macromania,
- Many More!
